

LLE Flex 8 Tape

TRIDONIC

The complete flexible lighting package

DISTRIBUTION UK

Sourcing a flexible tape lighting solution is now simpler than ever, thanks to Tridonic's all-in-one package, featuring LED tape, drivers, connectors, and a new range of extrusions and diffusers.

Applications

Shelving and Display Cases

Kitchen and Bathroom

Furniture Integration

Handrails and Stairwells

Cove and Ambient Lighting

Retail, Hospitality and Residential

Solution Summary

LED Flex Tape: With outputs from 300 lm/m to 4000 lm/m, suitable for subtle accents to high-output needs.

Drivers: A full portfolio including Fixed Output, DALI-2 (including switchDIM), and Wireless options (basicDIM Wireless and Matter-ready).

Connectors: For both power feed and tape-to-tape joins — no soldering, no fuss.

Extrusions and Diffusers: A complete mechanical support system, including flexible, recessed, and corner solutions.

Mobile Application: For solutions including basicDIM Wireless driver.

Feature	OEM Benefit
Complete Kit Solution	Save time with a single supplier for drivers, tape, connectors, and extrusions — streamlining your sourcing.
Flexible Form Factor	Ideal for customised luminaires—bend around corners, recess into profiles, or highlight contours.
Quick, Solder-free Install	Fast, reliable assembly with new plug-in connectors (no need for skilled soldering labour).
Smart Lighting Ready	Equip your luminaires with wireless control using Tridonic drivers (bdW, Matter), ensuring future-proof tech.
Versatile Application Scope	Create tailored lighting for shelving, furniture, retail displays, kitchens, cove lighting and more.
Premium Quality Assurance	Backed by Tridonic's European engineering and stringent testing, delivering peace of mind.

Accessories

Complementary accessories such as profiles, covers and mounting accessories complete the LLE FLEX portfolio.
