

Ready2apply & Emergency R2A

The ready2apply range of products offer a complete solution for retrofit and simple emergency lighting installations.

Ready2apply products, allied with your chosen Tridonic driver, can facilitate any controls option, including fixed output, DALI, DALI2 or basicDIM Wireless Dimming.

Emergency Ready2apply products are ready to use out of the box, thanks to the fusion of the LED driver and the LED module combined with a long-lasting lithium-iron phosphate (LiFePO₄) battery.

Product details

- _ Complete set with integrated electronics, LED module, heat sink, optics and battery.
- _ Includes click-in multi-lens option for anti-panic, escape route and spot illumination.
