

TRIDONIC

DISTRIBUTION UK

For the perfect Distribution of Light

LED Modules and Drivers for every requirement

Precision Homogenous Quality Reliable

Perfect solutions are based on reliable components, each of which work with high precision and efficiency.

From LED modules and LED Drivers to emergency lighting and lighting control systems: We offers a comprehensive, diverse range of products on a one-stop shop basis – to be individually combined, including complete solution packages for any application. We keep all your requirements, down to the smallest detail, in mind and the entire system in sight.

Emergency

BASIC

SELFTEST

DALI

Convert your current luminaire to an emergency luminaire

Reduce components and time by using a combo!

EM ready2apply — Recessed Emergency Downlight

Out of the box solution with maximum flexibility

ready2apply

Professional LED systems the easy way

The ready2apply products are suitable for direct installation in ceilings – simple and convenient because the LED module, heat sink and lens form a single unit.

Integrated driver with dimmable and emergency options available
